

Get unique cards & gifts designed by the kids this Christmas!

We're thrilled to announce that our school has signed up to work with School Art Club – a fabulous service, which turns children's artwork into unique greetings cards and gifts, whilst raising valuable funds for our school.

This can be in art lesson at school or can be done at home, where the children will design their very own festive drawing, which School Art Club will then professionally print to order!

Products available for you to purchase are:

- Packs of 12 greeting cards with envelopes
- Glossy 11oz mug
- Packs of 10 gift tags

Or why not order all three!!!

It's really exciting for the kids to see their artwork turned into professional greetings cards and gifts, it's great for the parents and relatives to be able to send festive greetings cards and gifts in a unique way this year!

But it's also a great fundraiser for the school, for example on each item you order: we receive £2* from every pack of 12 cards, £2* per mug and £0.75* from each pack of 10 gift tags.

Please note all orders must be submitted through the relevant project organiser at the school, not directly to School Art Club.

For more information on the service and how it works, enquire at the School or log onto www.schoolartclub.com/FAQs

But for more personal or individual orders/gifts, please visit our Sister company. www.truprint.co.uk
